Look for all Lou's 222 premium polishes & protectants at your local dealer. Visit [lous222.com](http://lous222.com)

"Let's make a few things perfectly clear."

## Bring back the light.

Like-new lenses with Lou's 222 Lens Renew.

### You'll see the Difference. Clearly.

Lou's 222 Lens Renew is an advanced, easy to use liquid form protectant and renewal compound. Use Lou's Lens Renew to bring back the crystal clarity of your vehicle's lenses. It will seal and protect your vehicles lenses and fixtures from the intense summer heat or aggressive winter conditions. Lou's Lens Renew easily and effortlessly removes the yellow residue that builds up over time and polishes away the small pitting that occurs on your vehicles lenses.

For best results, use Lou's 222 as directed. Always read and follow the label instructions.
