“ When they ask
how you keep
your vehicle's
metal gleaming,
tell them you
know a guy. ”

Apply. Wipe. Wow.

It's metal polish reinvented. Literally.

Lou's 222 Metal Polish effectively cleans and polishes all metal surfaces to look like new, while leaving a durable, long-lasting protective coating. Easy to apply. Even easier to remove. Lou's 222 Metal Polish can be safely used on high performance, high-temperature parts such as engines, bumpers, exhausts, truck stacks, tool boxes, stainless steel, chrome, and aluminum rims. If it's metal that needs to gleam like new – then it's Lou's 222.

For best results, use Lou's 222 as directed. Always read and follow the label instructions.
